- Coin Mintage: 10,000
- Country of Issue : Niue

Coin Story:

The Mickey Through the Ages coin collection celebrates the much-loved, Disney character Mickey Mouse and his cartoon career through the decades.

This coin features an iconic image of Mickey Mouse as he appeared in the animated short film "*The Band Concert*" (1935), which was the first Mickey Mouse cartoon ever released in colour. The film tells of Mickey, a frustrated bandleader, who must deal with the obnoxious flute playing concessions vendor—Donald Duck—as well as a cyclone!
