Mintage: 799

Country of Issue: Solomon Islands

The Coin

Second coin of the "Seven Wonders of the World" series, a collection that celebrates the most awe-inspiring architectural marvels from ancient times. With intricate detail and precision, this coin reflects the grandeur and majesty of the mythical statue of Zeus which is said to have stood in Olympia. Known as god of sky and thunder or king of the gods, Zeus dominates the coin from a central position, while the background slopes backwards in layers, creating a visual 3D effect.
